## Letter of Intent

Following our recent meeting Ascoreg and RGR Technologies have agreed in principle to work jointly on an OEM agreement basis, whereby Ascoreg will supply solenoid valves and pneumatic components to RGR Technologies to supplement the latter's product offering.

Ascoreg will assist RGR Technologies in selecting the correct solenoid valve for the application and will offer RGR Technologies training in solenoid technology as well as in the Asco Numatic product range.

Where products are to be supplied in hazardous areas, Ascoreg will supply the necessary local certification and, where required and available, SIL certification.

Yours truly,  
C.J. Hulse  
Managing Director  
Asco Numatics South Africa
